

Hello Friends,

I have never seen such loss.

There are those of you who have been diagnosed with COVID-19 or know of others who are struggling to recover or have succumbed to the disease.

There are those of you who have lost your jobs and there are others of you who have had to make gut-wrenching decisions on behalf of your organization resulting in hundreds of employees being laid off.

And, there are those of you who are grieving the loss of experience for yourself or your children – whether it was to walk down the aisle to be married or to walk across the stage to receive your degree.

**Hope is our strategy.**

As a result of countless conversations, we are offering three significant opportunities for us to gather together in an online community.

**The first group will be for those who have been DISRUPTORS and will be hosted on Tuesday's at 8:00 P.M.** Those leaders who have been making ongoing strategic decisions for their organizations that would like to garner from the experiences of others.

**The second group will be for those who have been DISRUPTED and will be hosted on Thursday's at 8:00 P.M.** Those leaders who have lost their job and are looking for a space to gather to work through their loss and also to help with tangible skills and connections to re-enter the market.

**The third group will be for those who are SEEKING ANSWERS and will be hosted via Alpha Canada on Wednesday's at 8:00 P.M.** This group asks honest questions about life and faith in these uncertain times.

**Join us in bringing hope.**

Each of these groups will be co-facilitated by myself and another leader from within our community. All groups are open to those inside and outside our community. **Please email me by April 24 to let me know of your interest at [alana.walker@intriciti.ca](mailto:alana.walker@intriciti.ca).** Our desire is to launch the groups the week of April 27.

Within loss, there is a unique opportunity for us to bring **HOPE**. This is our strategy during COVID-19. This has been our strategy since we launched Intriciti.

Love Alana
