

VIRTUAL FALL SERIES

RE-IMAGINE

We invite you to join us in conversation with global leaders to RE-IMAGINE life and work and discuss new questions around meaning, purpose, and faith. Each week a new question will be posed and discussed with the host, along with an RZIM international speaker, and an industry leader.

The weekly panel will thoughtfully address each question within the context of how to lead during a shared period of recovery and innovation. Join us for one or more of these complimentary sessions within the eight-week series and consider inviting a friend or colleague.
